SUPPORT SMALL BUSINESSES, TELL LAWMAKERS TO VOTE NO ON SB 58
Some lawmakers are trying to weaken Ohio’s clean energy law. That’s not good for Ohio’s small business owners, consumers or the economy.

If Senate Bill 58 passes, electric rates will spike, large corporations will get an unfair advantage over small businesses and dollars saved would go directly to large companies, reducing savings for small firms.

**PROTECT** small businesses.
**PROTECT** your pocketbook.

**TELL YOUR SENATOR TO VOTE NO ON SB 58.**
