IT’S TIME TO CHANGE LONGVIEW’S TOXIC LEGACY FOR GOOD.
It’s time to clean up Reynolds’ polluted site.

There are many clean up alternatives offered for this highly contaminated site. We need your help to ensure citizens’ voices are heard for the best cleanup choice. Your voice can help shape the future of our entire community. By standing up for the health of our families and children, we also help keep our rivers clean, our drinking water safe, all while creating more job opportunities.

Send your concerns today by emailing the WA Dept of Ecology and asking for clean water and air, not old toxic waste and pollution at Reynoldscleanup.comments@ecy.wa.gov.
