**SIERRA STUDENT COALITION**

The Sierra Student Coalition (SSC) is a broad network of high school and college-aged youth from across the country working to protect the environment. The SSC is the youth-led chapter of the Sierra Club, the nation’s oldest and largest grassroots environmental organization.

Utility companies are the largest obstacle to communities and universities transitioning away from dirty fossil fuels to clean energy.

This fall, we’re going to change that! Campuses and communities across the country will launch Seize the Grid Campaigns—calling on campus administrators and local governments to transition to a 100% just, localized clean energy economy.

Are you ready to Seize the Grid and spark a clean energy revolution?
