Dear PSE:

LET'S TURN, NOT BURN.

Residents, public officials, and businesses in your service territories have a request.

You can create thousands of family-wage Northwest jobs by replacing your dirty coal with electricity from clean solar, wind and energy efficiency. Please, PSE, take the next step in your energy leadership.

Thank you from,

10,000 customers
120 businesses
14 state legislators
Nine mayors
Four higher education institutions
