SENATOR DONNELLY JUST VOTED TO BLOCK CLEAN AIR PROTECTIONS FOR INDIANA FAMILIES.

TELL SENATOR DONNELLY: PROTECT OUR CHILDREN’S HEALTH. STAND UP FOR CLEAN AIR, STAND WITH INDIANA FAMILIES.

TAKE ACTION: SC.ORG/DONNELLY

Last week, Senator Donnelly voted to attack the Clean Power Plan — the first ever steps to cut carbon pollution from dirty coal-fired power plants. The Clean Power Plan’s efforts to curb carbon pollution will help prevent up to 3,600 premature deaths annually and up to 90,000 asthma attacks in children every year. It’s no wonder that families across Indiana support the Clean Power Plan.

Tell Senator Donnelly to stop blocking health protections and start standing with Indiana Families. sc.org/donnelly
