SPEAK OUT IN FAVOR OF REFORMING THE FEDERAL COAL PROGRAM
WWW.SIERRACLUB.ORG/WYOMING
Dear Members,

This is our chance! The Department of Interior is considering ways to improve the federal coal program, and with your help, we know we can get real improvements.

Under the current coal program, coal companies take advantage of loopholes to lease coal owned by the American public at below market prices, at the expense of taxpayers and our land, air, water, and wildlife. The BLM is holding meetings to find out what we think about how they sell off our public coal, and their first meeting is in Casper on May 17.

**WE NEED YOUR VOICE** at this meeting, to show BLM there is public support for taking action. Please attend and speak out in favor of reforming the coal program. Please contact Connie today if you can come:
