Join Teresa Benitez-Thompson and Climate Parents in a conversation about making Nevada a renewable energy leader for our kids and grandkids. Nevada is well-positioned to make great progress in 2017 on climate and clean energy. State level gains are essential to counter backsliding at the federal level. This will be a very interactive forum, so bring your questions and ideas!

We hope to see you there!

Tuesday, January 31 | 6:00-7:30 PM
